HORMESIS HDR FILED

The OFFICIAL 2024 HORMESIS 1vs1 field.

Made of 18 bunkers: **10 Small Temples** & **6 Small Doritos** & **2 Start Bases**

The HORMESIS HDR FIELD (Heavy Duty Reinforced) is made with our 27oz fabric with reinforced welding, heavy-duty Tie downs. Reinforced valve covers to help protect against direct shots.

CLASSIC SERIES

Classic shapes for a neat field at a low price. This is the perfect option for a second, lesser cost, speedball field.

Keep your NXL field for the tourney players and offer the same type of play to walk-ons and seminar groups on a professional looking speedball field, at a much lower cost.

Made with same fabric (27oz) as the NXL Field, they can be used for Paintball, Gel Ball, Archery, Laser games, Bazooka Ball, Nerf, IPS....

SUPAIRBAL BUNKERS

Since Adrenaline Games first started manufacturing inflatable products in 1996, **SUP'AIRBALL™** has grown to become the world's leading produce of inflatable paintball bunkers.

Our Research and Development Department is creating shapes year-round to respond to our customers needs. In partnership with the biggest names in paintball, Inflatable Solutions Group has designed the most famous bunkers: The Modul'air for NXL, X for Xball, The Race bunker for PSP, the M for Millennium, The Giant A for Pals, the Spike, The U for NPPL but also the Piranha for PMI, the Dog bone for Doc's raiders, the coffin for Drakula, the Altar (pyramid) for JT, scenarios bunkers...But this services is not limited to the big brands, it is also available to you !

Supairball colors and printing:

The airball fields are a highly visual platform which can be sold as an advertising space to sponsors, used to promote your own brand,

Bunkers colors:

We offer 11 different colors of fabric to match your company colors.

BLUE

PINK

SILVER

BLACK

Screen and digital printing:

You can have virtually any logo printed on our bunker. Even fluorescent logos.

Our Bunkers are now available only in HD. The Heavy-Duty Series features stronger fabric (27oz) with reinforced welding. Re-engineered, heavy-duty tie downs. Reinforced valve covers to help protect against direct shots).

Option: Our Stand Alone System, a water bladder inside or outside bunker for a stake-free setup.

TACTICAL WALLS DWF

The Tactical Wall DWF series is the newest line of Sup'AirBall inflatable bunkers, manufactured with our heavy duty Drop Stich fabric (90oz/2.6kg).

The drop stich fabric gives it an unequalled impact resistance, stability and weight capacity and most importantly, a 100% flat surface.

The fabric is made by joining two external pieces of material using thousands of fine polyester threads

that are tightly woven together. This makes Walls far more rigid and sturdy, The Tactical bunkers can be connected to one another with a Quick Connect System,

Add a couple of them to an existing field or recreate a complete CQB environment. The choice is yours.

Sup'AirBall Tactical, a force to "recon" with.

For fast assembly and modularity.

6 different shapes are now available:

Doorway, Window, High Wall, Low Wall, Wedge & Shield

These bunkers can cater to a large array of customers:

Law enforcement & military, Paintball, Airsoft, Laser...

**1- RIGID, STURDY & FLAT
HEAVY DUTY DROPSTICH FABRIC -90 oz**

ONE INFLATION PER WEEK -4

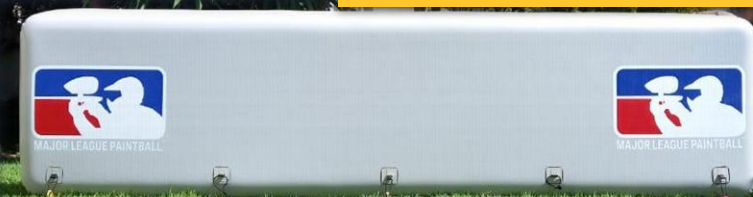

2- MODULAR 6 SHAPES with roof option

**CAN BE CUSTOMIZE AND -5
GRAFC DESIGN CHANGED**

3- STRONG CONNECTION

ARCHERY

Made exclusively through high frequency induction, using the thickest fabric in the industry (27oz=750grs) with reinforced welding and heavy-duty tie downs.

Our archery bunkers have a valve covers to help protect against direct shots, our bunker systems are the sturdiest, but also the easiest to set up.
